

Two networks for educators seeking to improve outcomes for students with disabilities, and increase attendance.

Two Distinct Networks:

Innovating for Student Excellence (ISE)

Improving outcomes for students with disabilities. IEP goals are the heart of the educational program for students with disabilities. We believe that we can improve our system design so that 100% of IEP goals can be achieved, setting students up for a lifetime of access and success.

Attendance

Increasing attendance for students with disabilities. School attendance is foundational to positive educational and life outcomes. We aim to improve the attendance of students with disabilities by 10% to ensure students with disabilities have successful post-school outcomes.

Innovating for Student Excellence Network Dates:

2023-2024

May 30 Time: 9-12:30 PM Celebration!
