

SELPAs in the Statewide System of Support

Audience: Educational Leaders

California's Statewide System of Support is an integral component of the State's accountability system for schools, with continuous improvement and local control as the foundational principles.

In this webinar, participants will take a big picture look at California's Statewide System of Support with an emphasis on the role of Special Education Local Plan Areas (SELPAs). Participants will have the opportunity to engage with Statewide System of Support lead agencies via a panel discussion and will gain a greater understanding of how the outcomes for students with disabilities can be improved through these levels of support.
