Data Quality Toolkit 2.0

Updates and Enhancements to
Further Guide LEA Leadership Teams
Along Their Data Improvement Journey

Audience:

SELPA Administrators, Special Education and General Education Administrators, Education Data Managers, and LEA Improvement Team Members

Join the System Improvement Leads for a 3-hour professional learning opportunity to explore enhancements and updates to the Data Quality Toolkit (DQT). The toolkit supports LEAs along their improvement journey by centralizing resources to help improve data quality in the three domains: Data Governance, System Design and Development and Data Use.

Consistent, reliable, and effective data practices help LEAs make informed decisions regarding funding and planning, improve special education compliance, and most importantly, have a positive impact on outcomes for students with disabilities. The toolkit provides structured and targeted activities that teams can use to improve their data collection, validation, submission, and use practices.

When working through the toolkit, teams will engage in self-assessment, create district landscapes, set data quality priorities, and select targeted improvement activities that will ultimately drive the development of the Data Quality Action Plan.

Dates, Location & Registration

Zoom login information will be provided upon registration.

Attendees only need to register for one session

Session 1 | 11/12/20 | 1pm - 4pm

Session 2 | 11/16/20 | 9am - 12pm

Session 3 | 12/11/20 | 9am - 12pm

Register:

11/12/2020 - http://bit.ly/DQT2-0_Session1

11/16/2020 - http://bit.ly/DQT2-0_Session2

12/11/2020 - http://bit.ly/DQT2-0_Session3
