

# Data Quality Toolkit

*The Data Quality Toolkit provides all necessary supports to guide organizations in improving the quality of their data governance and use practices.*

## Consultation

### Consultation

SIL Improvement Facilitators provide coaching and guidance as you facilitate the DQT with your organization's team.

Consultation and coaching will be founded in continuous improvement methodologies with a focus on data governance and use.

## Professional Development

### Professional Development

Custom workshops designed to increase your organization's capacity to examine data and engage in targeted data improvement activities.

## Facilitation

### Facilitation

SIL Improvement Facilitators guide and facilitate implementation of the DQT with your organization's team.

Teams engage in structured activities that support data collection, validation, submission, and governance practices.

## Features & Resources

- Prepared Slide Decks
- Agendas
- Easy Accessibility & Usability
- Introduction Documents
- Structured Activities
- Web-based Platform

“

*“To achieve our goal for improved outcomes for ALL students we must value and effectively use data.”*

“

*“When you change the way you look at things, the things you look at change.”*
